Bing Instant Answer Guide

The Microsoft Translator Blog announced that translation is now an instant answer in Bing, Microsoft's new search engine. Here are some examples: Google added limited translation as a OneBox over a...

Translation: A New Instant Answer From Bing

As we release more instant answers, we get a lot of great feedback on them. One common question, also brought up by Scoble recently (with follow up), goes something like this: "I like it when you show the stock answer for queries like msft and intc, but why doesn't it appear for other valid tickers like play?". We could simply show the answer for all known financial symbols.

Where's my instant answer? | Bing Search Blog

Note ; Bing understands two additional annotation types: Schema.org, an extension of the traditional Microdata annotations covering a wide variety of data types. Although Schema.org's data types differ from the Microdata data types described on these pages, the annotation techniques described here can be applied to Schema.org annotations.
