The terms and coverage details of your warranty are specific to the Bryant product models you own. Typically, Bryant products, if registered within 90 days, come with a 10-year standard parts limited warranty; otherwise 5 years*. Depending on your model, certain components within the system may have different standard warranty periods.

Warranty Information | Bryant

The compressor is one such component, perhaps the most critical component of all, known as the 'heart' of your air conditioning systems. Bryant air conditioners use Puron (R-410a) as the refrigerant gas in its coils to cool down the hot air. Puron needs to be compressed in order to get cold and hot when negative pressure is applied.
