The three pyramids are thought to be representative of the three stars on Orion's belt. There are also shafts leading to the chambers in the pyramid, which align with Orion's belt on one side and the Sirius star system on the other. What was the significance of these star systems, aside from their prominence in the night sky?

### The Book of Enoch Might Tell a Different Story of the Pyramids

Considering the massive amount of work put into the Giza 3D project so far, it's only about 10 percent complete. They still plan to add the Pyramid of Khafre, the middle of the Necropolis's three pyramids, and the Sphinx. Dassault is also working on recreating the history of Paris in a similar 3D world.
