9 Reasons Why Making Assumptions is Dangerous

Scientists had long hypothesized that conspiracy theory belief (which the researchers of a new paper define as "the assumption that a group of people colludes together in secret to attain evil goals") was due to a phenomenon known as "illusory pattern perception" — seeing patterns where none really exist.

Yes, Conspiracy Theorists' Brains Really Are ... - Science

For every historical event, there is a wealth of conspiracy theories. Even the ancient world is fair game, with many people believing that great monuments and wonders were built by space aliens instead of our ancient ancestors. But some of the most intriguing conspiracy theories concern the lives of ancient people who changed the course of history.

10 Conspiracy Theories About The Ancient World

Rumors dating to the mid-1990s claim that dozens of people connected to Bill and Hillary Clinton have died under mysterious circumstances, provoking outlandish conspiracy theories about the former president's supposed involvement in their deaths. The idea of the "Clinton Body Count," which began during Bill's presidency, reared its head again during Hillary Clinton's 2008 and 2016 presidential ...
