JISB1603:1995

There is an addendum to JIS-B-1603. JIS-D-2001 has been added to the back of it. JIS-2001 is a 20 degrees pressure angle spline

designed for the automotive industry. It is now obsolete and has been replaced with the current standard; but is still used frequently.

JIS B 1603:1995 - Straight cylindrical involute splines ...

Which may or may not have been superseded by JIS B 1603, which, theoretically, in the addendum, shows the now obsolete 20 degree pressure angle for my 24.67 mm 13 pin spline. So, my question is- does anybody have a copy of this, or know where I can find one online? The most basic info is shown here- <http://www.qtcgears.com/KHK/newgears/KHK320.html>
