NJ Left Behind - The real scoop on schools in the Garden ...

Of all the ways in which urban school children are being left behind, their experiences in large, factory-model high schools are, arguably, the most egregious. In fact, in many such schools, young people are not only left behind but actively thrown overboard. In urban areas, dropout rates from large

LEP Schools

High school achievement results have stagnated, even as elementary and middle school achievement has risen significantly since the 1990s. Student-level data from the National Assessment of Educational Progress (NAEP) strongly suggest that stagnant high school achievement is a real phenomenon. This result is consistent across different versions of NAEP and does not appear to result from changes ...
