Part of macOS High Sierra For Dummies Cheat Sheet. How full is too full? When should you begin creating subfolders in High Sierra? That's impossible to say, at least in a one-size-fits-all way, but having too many items in a folder can be a nightmare — as can having too many subfolders with just one or two files in each one. If you find more than 15 or 20 files in a single folder, begin thinking about ways to subdivide it.
