The first model to make it down under was the 60 Series, which was powered by the aforementioned 4.0-litre six-cylinder P engine. With a separate chassis and relatively basic leaf-spring suspension, the 60 Series was sold in Australia in a number of variants, including the short-wheelbase soft-top 60, the K60 hardtop, and the long-wheelbase G60 in wagon and pick-up body styles.

Diver communications are the methods used by divers to communicate with each other or with surface members of the dive team. In professional diving, communication is usually between a single working diver and the diving supervisor at the surface control point. This is considered important both for managing the diving work, and as a safety measure for monitoring the condition of the diver.
