Metalogix (now part of Quest) Metalogix offers a similar product spec to AvePoint in that it will migrate from a legacy installation or file system. One of the drawbacks, however, appears to be that it doesn't pick up the data and metadata from the extract. The Metalogix Content Matrix can be accessed here. And the key features of this tool are:

Our Sharegate licensing renewal is coming up. With their licensing costs doubling, \$1999 to \$3999 after bundling reporting and migration tools, I was curious if there are other migration tools worth considering. I'm aware of AvePoint and Metalogix, but does anyone have opinions on some of the other less pricey options, such as:

competitors. The top 10 competitors average 9.1B.

## **Sharegate Competitors, Revenue and Employees - Owler ...**

Plus, while Sharegate offers a smaller initial price point, it is per individual user for each year and is required to be renewed. Metalogix and AvePoint allow team accessibility for no extra cost. Sharegate also does not limit the amount of data processed nor is there an extra cost for a maintenance agreement (it is included in the yearly cost).
