Worldbuilding: the Master Guide (with Template) "Worldbuilding" is a term you'll hear from a lot of writers — especially when you're talking about the science fiction and fantasy genres. Great authors can create a living, breathing environment for their stories, invite readers into another world, and make us homesick for a place we ...

Worldbuilding: the Master Guide (with Template)

The Master Bathroom was functional but standard builder fare. To keep costs down I kept the same footprint for vanity, shower, tub and toilet. Removing the Garden Tub opened up floor space and using a Frameless Shower enclosure visually enhanced the space. Custom mirrors, a set of sconces with ceiling lights, and the use of a Marble designed Quartz countertop with Marble designed tile created ...

FHB editor at large Kevin Ireton says that at some point in the last 30 years homes crossed a threshold of complexity and that their construction and performance are now beyond the ability of most building professionals to understand. Learn more about the history and future of building science.

What is Building Science? - Fine Homebuilding

An optimum size for a master bedroom would be around 4 x 4m up to around 4.5 x 4.5m (20.25m²). This would allow enough space around the bed and also room for a sitting and/or dressing area. If you plan on having a dressing room separate from the bedroom then I would allow a space of around 1.8 x 1.8m as a minimum beyond the bedroom itself.

Room Sizes: How to Get Them Right | Homebuilding
