Book description This new Handbook gathers together state-of-the-art theoretical reflection and empirical research by a group of leading international scholars in the subdiscipline of Critical Security Studies.

The Routledge Handbook of New Security Studies

The Handbook of Communication and Security provides a comprehensive collection and synthesis of communication scholarship that engages security at multiple levels, including theoretical vs. practical, international vs. domestic, and public vs. private. The handbook includes chapters that leverage communication-based concepts and theories to illuminate and influence contemporary security conditions.

The Handbook of Communication and Security

The Routledge Handbook of Arctic Security offers a comprehensive examination of security in the region, encompassing both state-based and militarized notions of security, as well as broader security perspectives reflecting debates about changes in climate, environment, economies, and societies.

Routledge Handbook of Arctic Security

This Handbook: • Broadens existing discussions of energy security that center on access to fuels, including "oil security" and "coal security." • Focuses not only on the supply side of energy but also the demand, taking a hard look at energy services and politics along with technologies and infrastructure;

The Routledge Handbook of Energy Security

Written by leading international experts and from multidisciplinary perspectives, the Routledge International Handbook of Universities, Security and Intelligence Studies provides theoretical, methodological and empirical definition to academic, scholarly and research enquiry at the interface of higher education, security and intelligence studies. Divided into eight sections, the Handbook explores themes such as:

The Routledge International Handbook of Universities ...

Book Description This handbook provides a comprehensive look at the study of gender and security in global politics.

Routledge Handbook of Gender and Security

The Routledge Handbook of Russian Security offers a comprehensive collection of essays on all aspects of Russian security and foreign policy by international scholars from across the world. The volume identifies key contemporary topics of research and debate and takes into account the changes that have occurred in the study of Russian security strategy since the end of the Cold War.

Routledge Handbook of Russian Security

This new Handbook provides readers with the tools to understand the evolution of transatlantic security from the Cold War era to the early 21st century. After World War II, the US retained a strong presence as the dominant member of NATO throughout the Cold War.

The Routledge Handbook of Transatlantic Security ...

Chapters cover the PRC's historical, ideological and doctrinal heritage related to security, its security arrangements and policies targeting key regions and nations of the world, the security aspects of the PRC's ground, air, sea, space and cyber forces, as well as the changing and expanding definition and scope of China's security theory and practice.

Routledge Handbook of Chinese Security

A comprehensive volume, comprising articles by both established and up-and-coming scholars, the Handbook of Security Studies identifies the key contemporary topics of research and debate today. This Handbook, now available in paperback, is a benchmark publication with major importance both for current research and the future of the field.

The Routledge Handbook of Security Studies

Seeking to overcome the disciplinary boundaries that have plagued the study of private security, the Handbook promotes an interdisciplinary approach and contains contributions from a range of disciplines, including international relations, politics, criminology, law, sociology, geography and anthropology.

Routledge Handbook of Private Security Studies

The Routledge Handbook of Arctic Security offers a comprehensive examination of security in the region, encompassing both state-based and militarized notions of security, as well as broader security perspectives reflecting debates about changes in climate, environment, economies, and societies.

Routledge Handbook of Arctic Security

Overall, the handbook offers readers a broad overview of many of the key aspects of the religion-security nexus. It clarifies many theological themes and concepts encountered in the analyzed world religions that were and could be employed for both peace and war.

The Routledge Handbook of Religion and Security (Routledge ...

The Routledge Handbook of Religion and Security fills this gap in the literature by providing an interdisciplinary, comprehensive volume that helps non-specialists and experts alike understand how religion is both part of the problem and part of the solution to security challenges.

The Routledge Handbook of Religion and Security Kindle Edition

The Routledge Handbook of Latin American Security identifies the key contemporary topics of research and debate, taking into account that the study of Latin America's comparative and international politics has undergone dramatic changes since the end of the Cold War, the return of democracy and the re-legitimization and re-armament of the military against the background of low-level uses of force short of war.

The Routledge Handbook Of New Security Studies

Contributions to the volume look at various aspects of studying gender and security through diverse lenses that engage diverse feminisms, with diverse policy concerns, and working with diverse theoretical contributions from scholars of security more broadly.
